

Hello Pascal,

I'm finally able to take a moment to write and thank you for an amazing show at Camp Navarro. I was blown away by the rich, musically diverse and rhythmically exciting music you made. Your musicians are obviously top notch and the performance itself was as exciting as any top level music concert. What an amazing evening. And, of course, you were very easy to work with and everything went really smoothly. So thank you again.

Best of luck with your upcoming tours and gigs,
Andrea Weber / Center for Biological Diversity
